VERSE:

If it aint stuck in yo head then imma beat it in runnin
through the green
like my Last name peterson thomasin ladanian bitch
this is my stadium
if they say defeat while in my leather seats im suede'n
em I fucked up

(Repeat)

Ballin in the game like a player thats created and three
dikes and I'm fadin' em
rap unleashin' demons yet I sing like i'm arcadian

Realest nigga livin walk in a badd bitch and her body
fake as shit
Super-Cali-Fragil-Istic-Expi-Ali-Docious think I might just
call yo chick and say I want my toes kissed
Tell yo baby momma I will pay to get her nose fixed her
breast too A B C D E F you I'm special

The best and you are errthing thats left of that
I'm gone take it all while you get whatever's left of that
I'm next at bat so throw that shit I'm cold as shit you
bogus bitch you know this shit is over with
matter who you go and get all you niggas slow as shit

I turn these women on like my name was
motecontroller bitch
jumpin on this track such a locust diss the money
shoutin' haters outta focus
pussy niggas need to change their gender boy I'm
colder than december

Your nothin' to forget and I am somethin' to remember
eatin' this fuckin track like there were nothin' here for
dinner
attentions what we all want I am in the center and its
rightful I'm spiteful
I found out who you wife'd fool thats just to get up in
her

say they the shit but I run the sewer im master splinter

I only want for bitch niggas to exit when I enter
you see I am a major crash you just a finder bender

no contenders you so limber see I'm stiffed and my
mistress is this rap shit
I came in with my main bitch we live in peace and
harmony
but this rap hoe flow so cold I swear its like she callin
me
fuck the way you thought of me I'm nothin like you
thought I'd be thats even if you follow me

Appreciative you oughta be cannot what you want of
me
I'm mostly in the A thats if you wannabe's wanna see
I dont respect authority you can catch me overseas

Pretty women notice me and fall like some autumn
leaves
guess they think alot of me everything you oughta be

My money is a part of me so fuck you and your policies
sometimes I get the feelin' I am the peoples property
life is crazy complicated then I smoke alot of weed
drink alot of
liquor have alot of sex addictive lifestyle it'll prolly be
the death of me
hope my momma never hear this shit and then think
less of me
you don't know how this pressure be I guess I got some
stress in me

Times I wanna spaz show the world the kanye west in
me
But fuck it imma star the american dream like we not
out and tdot smoking canadian green
I'm higher than aladdin and his arabian queen carpet
in the sky told you I was fly
Came to knock em down so I love the way they lie

I run this enterprise got a complicated mind and I
dumb it down for you stupid niggas every time
I'm sicker every line they wish that I decline but I stay
on the grind baby bad brakes
Haters I'm the shit won't you tell me how my ass taste

Ricky Bobby daddy say if you aint first you last place
movin' at a fast pace you niggas is butts call em ash
trays

Wanna be the mothafuckin' man you can ask Trey
Murder in the first my accomplice is SK on the track
man we killt this shit
