A material girl in her own world cant even see the
things shes missin
Right in the curve a little girl wanting to grow up & be a
star
Take a look around; not lookin down
All these things have blurred your vision
Material things dont amount to nothing but

(But i know how you feel]
Whoa
(Its hard to see whos real.
It takes time, livin in a world where you dont know who
to trust
Next time, slow it down and dont feel you have to rush
Itll be fine,
takes time, takes time, to love]

You no ima tell the truth when it comes to you my lady
And its a miracle you have found it conscience baby
I had a plan on leaving
you came & gave up reason
And now i know the reason why, Why you

(But i know how you feel]
I know its hard (its hard to see whos real]
Whos real oh
(It takes time, livin in a world where you dont know who
to trust.
Next time, slow it down and dont feel you have to rush.
Itll be fine, takes time yeah
Takes time, to love.]

No, love aint in the money
Love aint in the cars
Love aint in the jewlery
Love aint in the mall
Perfect place to start, searching is the heart
Just have patients

(It Takes time] oh
(Livin in a world where you dont know who to trust.

Next time, slow it down and dont feel you have to rush.
Itll be fine, It takes time
Takes time, to love]
Oh

It takes time to love x3
