Feat. Christina Milian

[Verse 1: Trey Songz]

She got my back (Oh)...
And I got hers (yes)
Got me trickin off (oh)
Diamonds and Furs (yes)
Not the money and the cars
All I want is you
High heels in the benz color powder blue
Baby I'm in love with you (you)
And all I want is you (you)
It's me and you against the world
But how'd you get me like this
You must know some kind of voodoo

[Chorus: Christina Milian]

We started we we gon finish with your hand in my hand
We partners we gon get it like nobody else can
I'm all for you my heart is you we got this master plan
You ask me about my baby I'm a say...
When the bus stop runnin and the train stop comin and
the ship goes under
Know we in this thing together together together
ooooohh

[Trey Songz:]

And when the clock stops tickin
And when the sunshine missin ain't nobody else fix it
Know we in this thing together together together

[Verse 2: Christina Milian]

Trust me now I know this lil mama got a rider
Whenever I'm in the hood with you
You catch em lookin at me and it's gon be A problem
That's one thing they know not to do
And I love it boy cause your just like my accomplice
We fight this war, ain't a thing we can't accomplish
Cause baby you are my MVP,
We like the winnin team boy we the best they ever seen

[Chorus: Trey & Christina Milian together]

We started we we gon finish with your hand in my hand
We partners we gon get it like nobody else can
I'm all for you my heart is you we got this master plan
You ask me about my baby I'm a say...
When the bus stop runnin and the train stop comin and
