You know how we do!

Verse 1

When i look in the mirror
i swear, that i dont even know myself
Its like im staring at a stranger
All i wanted was love.
But it seems i found
my way to hell.
Coz this girl has suck the life out of me.

Happiness is a memory
Your a mess of the. ??

Im getting a text saying shes only thinking bout me.
I cant believe im so hit through all this drama (yeah)
I wish i could leave but emotions got me. soo stuck.

I wonder how it flew in so ??
She got me rapped so tight i cant breathe.
Wanna break the way that my heart is in your blood.
And she knows it

So i feel like im trapped
Im trapped
Im trapped
Im trapped
Im trapped
Im trapped

I wonder how it flew in

Im trapped
Im trapped
Im trapped
Im trapped

Wonder how it flew in

Shes got me always persuading.
I do what she wants me to

And its the truth.

?

?

Its like she knows my every move.

Happiness is a memory

Your a mess of the. ??

Im getting a text saying shes only thinking bout me.

I cant believe im so hit through all this drama (yeah)

I wish i could leave but emotions got me. soo stuck.
