Mother fuckers gotta pay me!
Yeah, yeah!

You know I... so high that none could ever...
You niggers could never play me,
I run the game,...
Fly so high that this shit dumb
I'm so cold you're so numb
And this shows I was born in 84
... can't make a bitch come!
... so hard, I'm amazed,
You're also fried, I'm so pale
... so high since I'm on
... I put on!
Go Trey! ok, I go OJ, praise this shit
Sip son and... can't hang with this!
Ball so hard I got a new safe,
Goes well with my new place,
They're freaking, I'm beasting...
Ball so hard I'm about to lose weight,
She wanna have sex...
Touch, what you say?
You heard me certainly, she gave me...
... want excuse...
Slept with pretty birds in a coupe.
I'm in the zone, nigger better shoot me for killing
another...
It's too crazy, yeah she's crazy!
... I'm nicest shit, yeah I like the shit
... this bitch so animate!

Chorus:

Ball so hard muhfuckas gotta pay me
That's just Trey...
That's just Trey...
That's just Trey...
Ball so hard muhfuckas gotta pay me
That's just Trey...
That's just Trey...
That's just Trey...

She's... you said you knew her,
I do!
I turn around is ay I need some new whores!
I do!
She said you're fucking with an actress, I was told
But you knew!
Mommy heard the song I got with...
... so hard, sets it straight at the gate
I have to say, I'm better than the rapper
It's hard to say, what she ordered...
I had to stake, ass is great, eat the pussy up, pass is...
... on me, that's a bad mistake,
Getting hard cause...
And realize, realize your ass is fake, right 'till I see...
Actually, real nigger I have to be,
These little niggers is so after me
Our birthday... nigger report things accurately,
Bullshit, that's what happening...
No I don't know is gonna leave her,
But I'm blowing...
There are... cause I'm feeling
Post trauma for killing,...
I'm playing ape on you niggers.

I don't even know what that means
(No one knows what it means, but it's provocative)
No it's not, it's gross (Gets the people going)

Chorus:
Ball so hard muhfuckas gotta pay me
That's just Trey...
That's just Trey...
That's just Trey...
Ball so hard muhfuckas gotta pay me
That's just Trey...
That's just Trey...
That's just Trey...

You are know...
I'm not the one to...
Tell everybody, here I'm gone!
Do you see me? No you don't!
Watch my watch in stones at the top where I belong
Talk to the money, often I think I got 'em love Jones
