i dont give a damn about your man understand i just  
know he aint a nigga like me  
know he aint a nigga like me bhut i know he aint a  
nigga like me  
i really dont care about plans im just saying you should  
roll with a nigga like me  
roll with a nigga like me you should roll with a nigga  
like me

I cant take my eyes off you  
my minds see's the things that we could do right now  
pretty baby  
i can tell looking in your eyes i can tell something aint  
right  
you tryna find whats missing inside  
girl you need a real nigga in you life

see i just wana take you to a place that you aint never  
been before  
baby girl think of all the things you deserve ill give you  
more  
if you let me i know i could be the man you need  
girl you need a real nigga in you life

i dont give a damn about your man understand i just  
know he aint a nigga like me  
know he aint a nigga like me bhut i know he aint a  
nigga like me  
i really dont care about plans im just saying you should

girl you need a real nigga in you life see

i dont give a damn about your man understand i just  
know he aint a nigga like me  
know he aint a nigga like me bhut i know he aint a  
nigga like me
