I made this one for your girlfriend  
This one for your girlfriend  
Oohho oohho

You gave him your love (your love) oohh  
Showed him something that he never had before  
But he didn't want your love (your love) no  
So you started over and your on own  
But that ain't so bad, baby your in luck  
Cause it so happens that I'm looking for love  
So why don't we take a little time  
To see if it's for real (to see if it's right)

You don't need nobody to night  
You just need to rock with me tonight  
Girl you don't need no man tellin you that you can  
You don't need no one else baby cause here I am  
You just need me girl  
(I know just what you need)  
I got just what you need, and I'll give it to you  
I want you to see girl (I know just what you need)  
I got just what you need and I'll give it to you  
You just need me girl

To pick you up and show you round  
When ever we up baby it's my town  
I'm on the way come on get up  
Took off my sweats and put up the truck  
Throw on my polo pull out the drive  
Step in your heels put on a top  
Get ready

You don't need no body tonight  
You just need to rock with me tonight

Girl you don't need no man tellin you that you can  
You don't need no one else, baby cause here I am  
You just need me girl  
(I know just what you need)  
I got just what you need and I'll give it to you  
I want you to see girl (I know just what you need)

I got just what you need and I'll give it to you  
You just need me girl

I swear the world stops spinning when your around  
I take my time every minute to love you down  
Give me your smile and forget I made you frown  
Take a chance girl I'm telling you  
That I could be the one for you  
I gone do what he can't do girl  
Let me be you the one to show you love  
Be the only one your thinking of  
Love is blind so you can't see  
But you just me

You just need me girl  
(I know just what you need)  
I got just what you need and I'll give it to you  
I want you to see girl (I know just what you need)  
I got just what you need and I'll give it to you  
You just need me girl  
You don't need nobody to night  
You just need to rock with me tonight  
Girl you don't need no man tellin you that you can  
You don't need no one else baby cause here I am
