She blinded me with her light

It's such a beautiful sight

The way she moves like an angel

She's got me walking on air

Angel eyes

Rays of hope that hypnotise

They're a blessing in disguise

Lightning up my life

We can play

in our secret hideaway

We can go there everyday

Time is on our side

Chorus: She blinded me with her light

It's such a beautiful sight

The way she moves like an angel

She's got me walking on air

Angel eyes

There will be no compromise

now that I have realised

what they mean to me

Oh year...

Chorus:

She blinded me...

She brought heaven to me

just like a symphony

The way she talks like an angel

A language out of this world

I'm not a superstitious mind

not the spiritual kind

But she became a revelation to me

She made me believe

Outro:

She's the sun that makes the rainbow

She's the blue sky when it's cloudy in my mind

She's the thunder, she's the lightning

She's the weather that keeps blowing throughout time
