(Music: Jascha Richter and Soulpoets. Words: Jascha Richter)

Lately you have been asking me
If all my words are true
Don't you know I'll do anything for you

Sometimes I haven't been good to you
Sometimes I've made you cry
And I am sorry for everything

But I promise you girl
I promise you this

Chorus:
When the blue night is over my face
On the dark side of the world in space
When I'm all alone with the stars above
You are the one I love

So there's no need to worry girl
My heart is sealed for you
And no one's gonna take it away

Cos' I promise you girl
I promise you this

Chorus:
When the blue night is over my face
On the dark side of the world in space
When I'm all alone with the stars above
You are the one I love

Your voice is calling to me in my dreams
My love is stronger than it's ever been

Chorus:
When the blue night is over my face
On the dark side of the world in space
When I'm all alone with the stars above
You are the one I love

When the blue night is over my face
On the dark side of the world in space
When I'm all alone with the stars above
You are the one I love

When I'm all alone with the stars above
You are the one I love
