I'm on the floor counting one minute more
No one to break the silence
Staring into the night all alone but that's alright
It's the feeling deep inside I don't like

There is no excuse my friend
For breaking my heart, breaking my heart again
This is where our journey ends
You're breaking my heart again

Here in my bed counting the words you've said
They linger in the shadows
Coming home late at night drunk again but that's
alright
It's the look in your eyes I don't like
There is no excuse my friend
For breaking my heart, breaking my heart again
This is where our journey ends
You're breaking my heart again

There is no excuse my friend
For breaking my heart, breaking my heart again
This is where our journey ends
You're breaking my heart again

There is no excuse my friend
For breaking my heart, breaking my heart again
This is where our journey ends
You're breaking my heart again
