The starry skies were clear, the moon was shining
bright

Was driving slowly through the night
Somehow I lost my way, I started feeling weak
Pulled off the road to get some sleep

Then suddenly, in front of me
She was standing there
She called me in the night

Come on and dance with me
Come on and dance with me
Come on and dance with me, she said

Come on and dance with me
Come on and dance with me
Come on

Her skin was velvet smooth, her eyes looked almost
ancient
And when we touched it felt so strange
She told me if I wanted to, I could go with her
She moved me with her eyes

Come on and dance with me
Come on and dance with me
Come on and dance with me, she said

Come on and dance with me
Come on and dance with me
Come on and dance with me, she said

Come on and dance with me
Come on and dance with me
Come on

Oh, we didn't do much talking, no
We didn't spoil the game
I only heard her say

Come on and dance with me
Come on and dance with me

Come on and dance with me, she said

Come on and dance with me
Come on and dance with me
Come on and dance with me, she said

Come on and dance with me
Come on and dance with me
Come on and dance with me, she said

Come on and dance with me
Come on and dance with me
Come on and dance with me, she said

Come on and dance with me
Come on and dance with me
Come on and dance with me, she said

Come on and dance with me
Come on and dance with me
