No more lonely talking
Waiting for the phone
No more lonely walking
In the streets alone

Today the sun is shining
'Cause since I meet you
The sky seems so blue

And I'm digging your love
I'm digging your love
I am forever in your arms
Can't get enough

And I go crazy
When you're not here
I wanna follow you my friend to everywhere
I'm digging your love

Through a lot of dangers, looking for a life
Met a lot of strangers, drifting in the night
But now the world is changing
Because of that light that shines in your eyes

I'm digging your love
I'm digging your love
I am forever in your arms
Can't get enough

I go crazy
When you're not here
I wanna follow you my friend to everywhere

I get lost, I get high
You are taking me to the skies
When you're looking at me

And I'm digging your love
I'm digging your love
I am forever in your arms
Can't get enough

And I go crazy
When you're not here
I wanna follow you my friend to everywhere
I'm digging your love, yeah, yeah, yeah
I'm digging your love, yeah, yeah
