If we want it, we just have to choose  
If we need it, we don't have to lose  
I see into your eyes  
It's time to realize

If you want it, I am here for you  
If you need it and you love me too  
There is no black or white  
This is no sacrifice

We don't have to lose this love, my friend  
We won't make the same mistake again  
We've been restless, we've been blind  
We've been going out of our minds

If we want it, we could try again  
If we need it, this could be the end  
Of feeling crazy  
The end of feeling sad

We don't have to lose this love, my friend  
We won't make the same mistake again  
We've been restless, we've been blind  
We've been going out of our minds, yeah

We don't have to run  
And crash into some wall  
We don't have to let it go  
We don't have to fall

We don't have to lose this love, my friend  
We won't make the same mistake again  
We've been restless, we've been blind  
We've been going out of our minds

We don't have to lose  
Don't have to lose
