slowly but surely you leave  
your mark on me  
silently stealing away  
my sanity  
'cos I've been watching you right from the start  
standing so near can you hear my heart...  
crying  
(chorus)  
every day  
I keep on waiting for a chance to  
give it away  
the love I save for you  
hard as I try  
I'm getting closer but I can't get through  
swimming this river of doubt  
on my own  
trying to read your mind...  
are you feeling alone

baby the sun shining light in your eyes  
gives me a feeling I hope never dies  
(chorus)  
every day  
I keep on waiting for a chance to  
give it away  
the love I save for you  
hard as I try  
I'm getting closer but I can't get through  
so little baby blue  
give me a clue  
tell me you need me too...  
it's now or never  
you are on my mind  
give me a sign  
show me you want me together  
now and forever
