What about the life that you were dreaming of?
What about the picture in my head?
What about the love that we were fighting for?
Is it still somewhere alive or is it dead?

How could we ever go so wrong
I always thought that we were strong

But if you leave my world tomorrow
And if you leave me cold tonight
If you're gonna leave me cold tonight
Do you really wanna see me cry?

I'm gonna live my life in sorrow
And you'll forever see me cry
If you're gonna leave me cold tonight

What about the home that we were building up?
What about the colors in our hearts?
What about the kids we should be playing with?
Should we leave this fantasy into the dark?

You are as shining as the sun
You are the place where I belong
You are the place where I belong, baby

But if you leave my world tomorrow
And if you leave me cold tonight
If you're gonna leave me cold tonight
Do you really wanna see me cry?

Do you share the pain inside?
Do you know how much it bites?
Do you mind to watch me fall?
Do you care for me at all?

But if you leave my world tomorrow
And if you leave me cold tonight
If you're gonna leave me cold tonight
Do you really wanna see me cry?

I'm gonna live my life in sorrow

And you'll forever see me cry
If you're gonna leave me cold tonight

But if you leave my world tomorrow
You've got to leave me cold tonight
