You got me counting the seconds
It happens every time
I'm waiting for the moment
We can sit down and talk for a while

And every time that you're near me
My heart is running away
How can I tell you when words don't come easy
And there is so much I'm trying to say

I wanna know that love will surround us
And you'll share it with me every day
Tell me, you'll care for me now and forever
I'll give anything to hear you say that I'm more than a friend

I'm gonna try in the future
Not to live in the past
I guess that I was a dreamer
If I thought it could ever last

But every time that I see you
You bring me out in the sun
How can I hide it when we are together
I just know that you're the only one

I wanna know that love will surround us
And you'll share it with me every day
Tell me, you'll care for me now and forever
I'll give anything to hear you say that I'm more than a friend

I wanna make you see everything you are to me
Try to understand, I wonder if you can
The love I have for you will always be true

I wanna know that love will surround us
And you'll share it with me every day
Tell me, you'll care for me now and forever
I'll give anything to hear you say

I wanna know that love will surround us

And you'll share it with me every day
Tell me, you'll care for me now and forever
I'll give anything to hear you say that I'm more than a
friend
