Life comes in many shapes
You think you know what you got
Until it changes

And life will take you high and low
You gotta learn how to walk
And then which way to go

Every choice you make
When you're lost
Every step you take
Has it's cause

[Chorus:]

After you clear your eyes
You'll see the light
Somewhere in the darkness
After the rain has gone
You'll feel the sun comes
And though it seems your sorrow never ends
Someday it's gonna make sense

Tears you she'd are all the same
When you laughed 'till you cried
Or broken down in pain

All the hours you have spent in the past
Worrying about
A thing that didn't last

Everything you saw
Played a part
In everything you are
In your heart

[Chorus:]

After you clear your eyes
You'll see the light
Somewhere in the darkness
After the rain has gone
You'll feel the sun comes
And though it seems your sorrow never ends

Someday your gonna find the answers

To all the things you've become(and all day down)
At your expense
Someday it's gonna make sense

After the rain has gone
You feel the sun comes
And though it seems your sorrow never ends
Someday it's gonna make sense
After the rain has gone
You feel the sun comes
And though it seems your sorrow never ends
Someday it's gonna make sense
