I never knew life, could like this
Never thought I that would be the one that u would kiss
I never knew love could be so rough
But now I found the real thing I can't get enough

The sweetest surprise
Caught me tonight, right there in your eyes
While I was kissing you
So don't say that you don't love, everything you
dreamed of could be here

I used to wish
I used to dream
But now, I'm living my heart while there is fantasy
So, I begin to believe
Because our love is there for everyone to see

The sweetest surprise
Caught me tonight, right there in your eyes
While I was kissing you
So don't say that you don't love, everything you
dreamed of could be here

On and on where good things never end
On and on where we never pretend

The sweetest surprise
Caught tonight, right there in your eyes
While I was kissing you
So don't say that you don't love, everything you
dreamed of could be here

So don't say that you don't love, everything you
dreamed of could be here
