Was it good did I behave like I should
Was it fine the way we chose to spend our time
Knowing you has been an everlasting thrill
And I love you still

Strong is life and really hard to sacrifice
This world of mine though it has been rough
sometimes
Evil words I said when I was really mad
Wheren't meant so bad

Chorus:
Walk with me
Just turn around and let it be
I have come
To guide you all the way
Walk with me
'Cos I have got the key
That finally sets you free

Time reversed they calling from the universe
A world unknown I'll have to travel all alone
Left behind, is an echo of my mind
For anyone to find

Chorus:
Walk with me
Just turn around and let it be
I have come
To guide you all the way
Walk with me
'Cos I have got the key
That finally sets you free
