You made me crawl feeling so small
Creeping like shapes along the walls
Life fades to gray why must I pay
For giving my heart away

But whatever it may take
However my heart breaks
I'll keep singing in the rain
'Till your back again

You left a hole deep in my soul
Leaving my world so cold
But standing eye to eye, I still wonder why
We had to say goodbye

And whatever it may take
However my heart breaks
I'll keep singing in the rain
'Till your back again

And whoever that changed your mind
Whoever makes you blind
I'll keep waiting
Here for you

All I ventured but nothing gained
I'm walking through the rain
Trying to keep a fading flame alive
Help, help me, baby I'm lonely, oh so lonely

Will I ever feel your love again
Am I really losing you my friend
(Baby I'm lonely)
Your absent talking your missing light
(Oh, so lonely)
Make's me lonely on a Saturday night

Baby, will I ever feel your love again
Am I really losing you my friend
Your absent talking your missing light
Makes me lonely on a Saturday night
