(I)

After class in everyday of the week
I have to see in the lobby
'Coz you have to take me home

And if I'm late
I would expect that you will be angry
And there you would embarrass me

If we were to argue
I would give way 'coz you'd always hurt me
And take everything against me

(Refrain)

Now answer me,
IS THIS WHAT YOU CALL A RELATIONSHIP?

(Chorus)

Your rules are trying to change me
And make things more complicated
(More than what you think)

Your rules are just satisfying your fantasy
That can never be a part of my reality

(II)

In our date I always have to wait
'Coz you'd always come late
And annoy me with the same reasons

Along our date, oh I HATE it
When your mom would call you
And I'd hear how you DENY me

(Refrain)

(Chorus)

IS THIS WHAT YOU CALL A RELATIONSHIP?

(Bridge)

No! it is not
It's just you

And your DAMN RULES
In your DAMN GAMES
(Swirling inside your world)
(Swirling in silence)

No! it's not funny
I'm not happy
'Coz when I'm with you,
It feels like I am trapped...

In your rules are trying to change me
And make things more complicated
(More than what you think)

In your rules are just satisfying your fantasy
That can never be a part of my reality

YOU'RE A FOOL, you're trying to change me
And make things more complicated
(More than what you think)

YOU'RE A FOOL, you're just satisfying your fantasy
That can never be a part of my reality

Can never be a part of my reality(3x)

(Coda)
THIS WAS JUST A RELATIONSH*T
