"God's Word Hope For All"

Visit "[God's Word Hope For All](#)" on MotoLyrics.com

In this world full of broken dreams

A ray of hope shines through

It shines through to anyone

It shines for me and you

In this world where people live

They live in fear and madness

There's hope beyond their sadness

Through the power of God's word.

God's Word

Hope for all mankind

Sight to all the blind

It's to those despairing

It's loving it is caring

It sets our spirit free

God's word is hope eternally.
