From the south to the bottom it's the brand new trick
(M.I.A., down south)
(Yo, yo college park)
And if you never been down south before
(Get up, get up)
We 'bout to show ya all how we ridin'
(Get up, get up)
So where ever you from let's, let's go
(Get up, get up)

Be like down south show a li'l change
And the girls in the club they'll be shakin' that thang
And the young playas comin' up wanna run things
Ya all see them girls when they in them G-strangs

Now everybody wanna be down wit da south
(Now everybody wanna be down wit da south)
Now everybody tryin' to get down wit da south
(Now everybody tryin to get down wit da south)
'Cuz in the club, in the club
All them girls they'll be shakin' in the club
In the club, in the club
All the thugs they'll be playin' in the club

Yo, I'm from the state where the sun shine
Where the women are pretty and they're so fine
Where the dudes are rude but they so cool
Listen, good weather is better for a good fella
And every ride will probably be on 22's or 24's on T-0's
And you know like I know, we gon' represent it
everywhere we go

And every time we drop hits
Or hittin' everything we spit it got to be the shit
So gimme a fresh white tee
A pair of priest jeans and some J's ya all never seen
Man, I can't help but win on heavy rotation on all of your
stations
Down south takin' over the charts
We just got started and will not stop

Be like down south show a li'l change

And the girls in the club they'll be shakin' that thang
And the young playas comin' up wanna run things
Ya all see them girls when they in them g-strangs

Now everybody wanna be down wit da south
(Now everybody wanna be down wit da south)
Now everybody tryin' to get down wit da south
(Now everybody tryin to get down wit da south)
'Cuz in the club, in the club
All the girls they'll be shakin' in the club
In the club, in the club
All the thugs they'll be playin' in the club

You ain't never seen a big ol' ass like this
And you ain't never gon' run across a badder bitch
I'm Ms Trina, Miami's finest
And you can ask your man who has the flyest
Playas who millionaires try to buy this
And I ain't got shit to hide, I like to squat and ride
Go front and back, side to side
Bend me over, show me what you holdin'

And oh shit, now give it to me, gimme that big ol' dick
First suck me up and then buck me up
Go deeper, deeper, beat me, beat me
Let's make a sequel for the naked people
Your whole click against my click
Now shake that ass, shake that ass
Shake that ass and make your baby daddy mad

Be like down south show a li'l change
For the girls in the club they'll be shakin' that thang
And the got the young playas comin' up wanna run
things
Ya all see them girls when they in them g-strangs

Now everybody wanna be down wit da south
(Now everybody wanna be down wit da south)
Now everybody tryin' to get down wit da south
(Now everybody tryin to get down wit da south)
'Cuz in the club, in the club
All the girls they'll be shakin' in the club
In the club, in the club
All the thugs they'll be playin' in the club

Here we come to fuck the whole floor
Ying Yang Twins kickin' in your door
Scat like a rat when a cat comin' out the house
(Dirty south)

My bad we done did it again, Trick Daddy and the Ying

Yang Twins

If you don't know, let me fill you in, I hope you know we
in it to win

You didn't know we the super friends we done did
another song again

So I just know it's on again we fonna put a joint to win

Ya all gonna get rolled over like a bulldozer

I hope you know the game over, dade county the
fullgest county

Be like down south show a li'l change

And the girls in the club they'll be shakin' that thang

And the young playas comin' up wanna run things

Ya all see them girls when they in them g-strangs

Now everybody wanna be down wit da south

(Now everybody wanna be down wit da south)

Now everybody tryin' to get down wit da south

(Now everybody tryin to get down wit da south)

'Cuz in the club, in the club

All the girls they'll be shakin' in the club

In the club, in the club

All the thugs they'll be playin' in the club

Now shake that ass, shake that ass

Shake that ass and make your baby daddy mad

Now shake that ass, shake that ass

Shake that ass and make your baby daddy mad
