We gettin dollas
(dollas, dollas, dollas, dollas)
Yours Truly, I know y'all been
Waitin' for it
And it's about time, ain't it?
What I'm a need y'all to do
Cause I got what you want
I want all the bitches to report to the dance floor
Right Now

I need a bitch to make that ass ?
Make it clap, tune it up and shake it a lil' faster
One cheek at a time, left cheek, right cheek, do it all to
the beat
It's easier on ya g-string, and you can free ball
Bitch and you ain't gotta wear drawers
How low can you go?
Look back at it, and make it jump like a jack rabbit
Take it down down to the flo'
Shake ya booty break it down get low and low
Work the flo' like a runway
Now vogue wit it, point a nigga out and tell him come
get it
Boom boom skeet skeet goddamn
Now grind on it, bitch bounce up and down on it
Let him hit it from the back
Put a arch in ya back and let him hit it like that

[Chorus]

Now to the beat just jump on the dick
[Khia] Don't eat, sucka suck on the clit
[TD] That's right just jump on the dick

[Khia] all night sucka suck on the clit
[TD] just jump on the dick
[Khia] sucka suck on the clit
[TD] just jump on the dick
[Khia] sucka suck on the clit
[TD] just jump on the dick [x2]
[Khia] sucka suck on the clit [x2]

[Khia]
