Good God, aha ha  
Yo trick I think we done, did it again man  
Miami's finest, T double D  
Y'all know who we be

I wanna be your homie, your homie, love and friend  
I wanna be your boy that you holla late night on  
weekends  
I wanna be the 'G' that your girlfriends brag about  
That's what I'm talkin' about  
Oh girl, come and let me show you what a thug's about  
Check this out

I ain't the type of nigga who get a little bit of Cheddar  
And start hanging on the beach  
And think he better than the next nigga  
Though I'll prolly go to Bay Harbor about Gucci, Louis,  
or Prada  
For my wife son or daughter, yeah

They gon talk about us you should expect that  
Look at them bitches they broke they can't afford this  
They still livin' with they momma  
And they wonder why niggaz fuck 'em  
And won't do nothin' for 'em

Pump ya brakes lil' mama, some are down to bitch  
Stay out my face if you ain't got shit good to say  
And my wife don't like ya  
Matter of fact but when she see ya  
She might wanna fight ya

Ho, I tried to keep it real witcha  
But by ya runnin' ya mouth and takin' pills  
I can't deal with ya  
Bitch you got real issues and I'm a real nigga  
Deal wit' 'em and I wanna chill witcha

I wanna be your homie, your homie, love and friend  
I wanna be your boy that you holla late night on  
weekends  
I wanna be the 'G' that your girlfriends brag about

That's what I'm talkin' about  
Oh girl, come and let me show you what a thug's about

Now you ain't neva had a stunna you ain't neva had a  
gunna  
You ain't neva had a dirty ass gangsta motherfucker  
Now you glad you did first you was scared  
Poppin' champagne bottles go on take a swig

You see this life I live is for the real and not the fake  
So when we walk the streets girl I'll make ya feel safe,  
huh  
I know you lovin' how I'm thuggin' all day  
Your momma hate me but she thank me when the rent  
payed

Say my name and watch how ya friends act  
I got a brother and a cousin they can get at  
First you was shuddered wit niggaz that get in trouble  
Then I got you in the cover no other did it so betta

Tropical colors on ya dresses impresses me  
I ain't worryin' about yo exes come flex with me  
Girl what's good, you lookin' for love  
And now you found it in the hood

I wanna be your homie, your homie, love, and friend  
I wanna be your boy that you holla late night on  
weekends  
I wanna be the 'G' that your girlfriends brag about  
That's what I'm talkin' about  
Oh, girl come and let me show you what a thug's about

You see the problem is you accept too many promises  
And you subject yourself where you can't help yourself  
But I'm here to help so tell the busta to step  
And baby have no fear 'cuz thug life is here

And I got a remedy for you to get replenished in  
But hot showers clean towels and a double Hennessey  
And I hope you got plenty energy  
'Cuz when K-9 these felines shit gets finicky

Anyways I got plenty ways to make ya stay  
But I'm a keep it straight, it's better that way  
I'm better gettin' wetter that way  
And I'm bigger than ya last and we gon' need Magnum

In fact I'm ready right now  
We can get butt naked and I'll hit it right now  
But we homies so let's stay homies

Conversation only okay homie

I wanna be your homie, your homie, love, and friend  
I wanna be your boy that you holla late night on  
weekends  
I wanna be the 'G' that your girlfriends brag about  
That's what I'm talkin' about  
Oh girl, come and let me show you what a thug's about

I wanna be your homie, your homie, love, and friend  
I wanna be your boy that you holla late night on  
weekends  
I wanna be the 'G' that your girlfriends brag about  
That's what I'm talkin' about  
Oh, girl come and let me show you what a thug's about
