Uh huh

Yeah

Aw man, I got a sweet tooth, can you dig it?

After this one you gon' need a root canal then

I love sugar all of it

This one for all the clean, decent women

Lay it on me, girl

Pay close attention

She put that sugar on my tongue

She's gonna gimme, gimme some

She put it right there on my tongue

(Skeet, skeet)

Right there on my tongue

(She turns me on like no other)

And gimme some of your butter pecan

Put it right there on tip of my tongue, hold it

Right jeeeah 'cuz baby, if I bite you I bet you like it

French Vanilla's a hell of a flavor for me

With strawberries, two cherries and whipped cream

The best things are the wet dreams

And uh, the rest is just a flick without a sex scene

Or lee, I speak the truth

'Cuz the blacker the berry the sweeter the juice

'Cuz Florida oranges and Georgia peaches

When they nice and ripe, they the best for eatin'

Southern boys, we crave for old slice of pie after they  
main course

So if you game for it I came for it

I got a thing for ya that I can't ignore

She put that sugar on my tongue

She's gonna gimme, gimme some

She put it right there on my tongue

(Skeet, skeet)

Right there on my tongue

(She turns me on like no other)

She put that sugar on my tongue

She's gonna gimme, gimme some

She put it right there on my tongue  
(Skeet, skeet)  
Right there on my tongue  
(She turns me on like no other)

She put that sugar on my tongue, tongue  
Yippie, yippie, yum, yum, goodie, goodie, gum drop  
Put me in a tongue lock  
Did it till my body went numb, numb  
Laid her on her back, back  
Turned her 'round, gave her bottom a smack, smack  
She's a woman from the block with the best of weed  
But I won't stop till I'm pullin' out tracks, tracks

It was lust at first sight  
And she couldn't help sayin' that she wanted to get with  
me  
And my size was just right  
'Cuz she wanted a man with a little security  
Said I been around the world twice  
And my name ring bells from Atlanta to Sicily  
Said she wanted it all night  
So put the bubbles in the tub and Ludacris and me

She put that sugar on my tongue  
She's gonna gimme, gimme some  
She put it right there on my tongue  
(Skeet, skeet)  
Right there on my tongue  
(She turns me on like no other)

She put that sugar on my tongue  
She's gonna gimme, gimme some  
She put it right there on my tongue  
(Skeet, skeet)  
Right there on my tongue  
(She turns me on like no other)

Yeah, yeah, yeah, yeah, yeah, yeah  
Yeah, yeah

Sweetie, you look so incredible  
So delicious and so damn edible  
All I need is some honey or syrup  
With a lil' butter to rub down all your curves  
And no need for the lemonade  
Just a twist of lime and some grape Kool-Aid  
Can I call you Caramel?  
'Cuz I'm 'bout to go coo-coo to taste your Coco Puffs

One bowl ought to fill me up

But that milk gotta be cold enough  
So supper time that'll hold me up  
I might choke myself if I don't slow it up, but  
Honey, you look like a honeydew melon  
Or strawberry with the whipped cream filling  
Of the top part of the peach cobbler  
But uh, the fruit platter ought to do me better

She put that sugar on my tongue  
She's gonna gimme, gimme some  
She put it right there on my tongue  
(Skeet, skeet)  
Right there on my tongue  
(She turns me on like no other)

She put that sugar on my tongue  
She's gonna gimme, gimme some  
She put it right there on my tongue  
(Skeet, skeet)  
Right there on my tongue  
(She turns me on like no other)
