

Trick Daddy Feat. Trina "For All My Ladies"

Visit "[For All My Ladies](#)" on MotoLyrics.com

For all of my ladies gettin' money, makin' these niggas
pay
All of them haters gonna hate you, don't listen to what
they say
To all of my ladies gettin' money, tryin' to pay these
bills
Make these niggas help you, mommy make 'em keep it
real

Gimme the keys to the Bentley, that's right
Me and my girls goin' out tonight
And I don't wanna fight tonight, give my bread up
Ain't nothing you can do when a women's fed up

And I'm fed up nigga, shut up nigga
Go but you better keep my bread up, nigga
'Fore I find me a playa who will treat me better
Dick me to sleep and eat me better

You want a bitch who will fuck ya and feed ya
Uh uh, fuck nigga, I don't need ya
And you ain't gotta love me or like me
And hell nah, I don't wanna be your wifey

'Cause I'm a bad bitch born to ball
And when you go to jail, fuck nigga, don't call
You want me to stay, nigga you gonna pay
Gimme that doe, playboy don't play

For all of my ladies gettin' money, makin' these niggas
pay
All of them haters gonna hate you, don't listen to what
they say
To all of my ladies gettin' money, tryin' to pay these
bills
Make these niggas help you, mommy make 'em keep it
real

I ain't finna cook, clean, babysit or housekeep
Gimme twenty G's, drop me on South beach
Let me shop 'til I drop, spend 'til I faint
Burn up twenty, get another ten out the bank

Let me show you how a hot girl get bread
All that fuck me for free shit been dead
I need a playa in my life trillion dollars
That's gonna keep diamonds round my collar

Lil' mamma MIA's finest
The baddest bitch call me your highness
Slip N Slide on fire and you know that
I know you like the way 'lil mamma throw that

I know you like the way 'lil mamma shake that
Playa if you gotta bank, I'm a break that
Miss Trina, hottest thang on the south coast
I got these fuck niggas trickin' off their house note

For all of my ladies gettin' money, makin' these niggas
pay
All of them haters gonna hate you, don't listen to what
they say
To all of my ladies gettin' money, tryin' to pay these
bills
Make these niggas help you, mommy make 'em keep it
real

For all of my ladies gettin' money, makin' these niggas
pay
All of them haters gonna hate you, don't listen to what
they say
To all of my ladies gettin' money, tryin' to pay these
bills
Make these niggas help you, mommy make 'em keep it
real

These niggas will play if you let them
Promise you the world, try to make you sweat 'em
If a nigga got beef, girl you better 'em
If a nigga dead broke, fuck 'em and forget 'em

Move on to the big trick with the bigger dick
Get 'em off glass, girl that will get 'em quick
'Cause niggas ain't shit but some dick and balls
And I ain't got no love, I'll trick 'em all

You got to get them before they get you
Fuck me for free, I ain't with that shit boo
You got to treat them just like they treat you
If they want their dick sucked, make 'em eat you

Never let 'em beat you or mistreat you
Make 'em pay a bill before he freak you, uh

'Cause money mean the world to me
And ain't in this motherfuckin' world for free, uh uh uh
uh

For all of my ladies gettin' money, makin' these niggas
pay
All of them haters gonna hate you, don't listen to what
they say
To all of my ladies gettin' money, tryin' to pay these
bills
Make these niggas help you, mommy make 'em keep it
real

For all of my ladies gettin' money, makin' these niggas
pay
All of them haters gonna hate you, don't listen to what
they say
To all of my ladies gettin' money, tryin' to pay these
bills
Make these niggas help you, mommy make 'em keep it
real

For all of my ladies gettin' money, makin' these niggas
pay
All of them haters gonna hate you, don't listen to what
they say
To all of my ladies gettin' money, tryin' to pay these
bills
Make these niggas help you, mommy make 'em keep it
real

For all of my ladies gettin' money, makin' these niggas
pay
All of them haters gonna hate you, don't listen to what
they say
To all of my ladies gettin' money, tryin' to pay these
bills
Make these niggas help you, mommy make 'em keep it
real
