

Trigger The Bloodshed "Impregnable Miscreation"

An eluded violent catharsis
A moral state beyond the blade I hold
Beyond the countless bodies beyond the blood
The entity I've become augmenting a sadistic mind
A dirty purge in self righteousness
Behind the mind beyond the blood
A state of power eluded mind
Beneath me beg in vein I'll watch you die You will
Feel my pain feel my rage feel me know my pain
A thirst to quench to be exhumed from my soul
To complete what I am complete myself
You'll never be before a god again
Bound never to rise you'll never be before a god again
Never rise the entity I've become augmenting a
sadistic mind
A dirty purge in a twisted self belief
You'll never be before a god again bound never to rise
You'll never be before a god again never rise never
rise
