(Spread your wings as we fall)

Listen up cause I got something to say
I could break your heart in just a few moments now
This isn't the first time that it's been this way,
But it will be the last time that you hear me say
How can you be satisfied?
Step out and take a bow
This is my chance to let this out,
Step out and take a bow spread your wings,
(Step out and take a bow
This is my chance to let this out)
Your secret is safe for now
(Spread your wings) as we fall
Bring it down to whisper for me,
Got a secret and these secrets I've been holding in for
far too long
I asked a question and I'm waiting for an answer,
Tell me everything but everything comes after,
How can you be satisfied with all these lies?
Step out and take a bow
This is my chance to let this out,
Step out and take a bow
Spread your wings
(Step out and take a bow
This is my chance to let this out,)
Your secret is safe for now
(Spread your wings) as we fall
We will call to your grace and mercy,
Why don't you fall as we fall?
(Step out and take a bow
This is my chance to let this out,
Step out and take a bow
Spread your wings
Step out and take a bow
This is my chance to let this out,
Step out and take a bow
Spread your wings, as we fall
We will call to your grace and mercy,
Why don't you fall as we fall?)
