I still remember when I saw you
Love was the last thing on my mind
Now you gave me the thrill I'd long forgotten
You opened up my life
Let me begin to say I thank you
Lord knows, I haven't felt this good for the longest time
I know this feeling is strong
Even if it won't last long
But darling I'm making up for lost time

If you can't be my lover
'till the end of all time
If there ever will be another
Stronger love in your life
And baby if we can't be together
If your dreams can't be mine
If it won't last forever
Just be a friend of mine

I felt so lo down and lonely
Spending my days just killing time
But now I rather take the doubts
I don't care what it's all about
You call me crazy baby but I just want you in my life

If you can't be my lover
'till the end of all time
If there ever will be another
Stronger love in your life
And baby if we can't be together
And your dreams can't be mine
If it won't last forever
Just be a friend of mine

Oh oh oh oh oh

If you can't be my lover
'till the end of all time
If there ever will be another
Stronger love in your life
And baby if we can't be together
And your dreams can't be mine

If it won't last forever
Just be a friend of mine
