Some call me a loser
Some call me a cheater
Some say I'm a selfish untalented dreamer
Cause all's I try to do is keep my dream alive
But it's so hard to do when your working 9 to 5
I've never been one afraid to die
But I'm afraid to leave behind
The precious life that grows through the sands of time
Cause now I've got two daughters
And I know they need their father
To help them make it through all of the devious things
that people do
Cause every moment counts from the good times to
the bad
I don't have time to envy those that got things I've
never had
Cause the one thing most important is the one we take
for granted
And until your life is on that line I think it's the way god
had planned it
To open up your eyes and make you realize
That to some life is money
But what's money without life
Cause all's I need is the air that I breathe
And my friends and family to believe in me

[Hook]

As deep as the abyss where the waters run
As deep as the land of the rising sun
You know I'm down
And even when them odds are against us
It doesn't even matter
Nothing else matters

We bleed the same blood
We cry the same tears
We have the same fears
We pass the same years
We see the same stars
Under the same skies
We pass the same time

We all live and die
Cause friends and family wash thicker than blood
And if ya' never felt love than I feel for you cuz'
Cuz' lives pass above us 747's
Deceased dwell below us
Before they go to heaven
Everything in between oh has a meaning
Some stay connected while other keep dreaming
Looking for that meaning but the lost can't be found
Drop to your caps and pray
Now can ya' hear the sound?
Do ya' hear it?
Now do ya' hear it comin'?
Two triple zero the hunters are the hunted
Electrical currents conflict with the spirits
Ah do ya' hear it ah or do ya' fear it?
Deep like seven leagues life intrigues intelligence
Got no time for clutter, you're late if there's hesitance
Put your foot forward and there will be a helping hand
Take a step back and your stuck in the quick sand
Ingesting toxins keeps us locked in, a mental jail trap
2000' where's your family at

[Bridge]
Oh, and I might fail
Oh, I might succeed
Whatever the outcome is
Just keep your faith in me
Just believe in me
And I will be there [repeat hook]
