*Verse

Look around you all you see
Everything that's there, yeah
All was made for you and me
For you and I to share
Do you care, hey hey
Every shade of blue and green
Every breath of air, yeah
All of this has always been
And may always be there
But do you care, hey hey

*Chorus

We're in this together, forever
So lend a hand where a hand is needed
How ever small it seems
It doesn't matter, whatever
It's the little things that can change our lives
And make it right

*Bridge

Every step we take
Brings us closer to heaven or further away
It's the choice we make
Every day

*Verse

Look around you all you see
Everything that's there
Do you care
Oh yeah

*Chorus

We're in this together, forever
So lend a hand where a hand is needed
However small it seems
It doesn't matter, whatever
It's the little things that can change our lives
And make it right

*Chorus

it's the little things that can change our lives
And make it right
