After all this time
I wonder if I kind of crossed your mind
I can still smell sweetness of your skin
Like it was yesterday
To some this would be obsession
But I've never felt this way

I want you back in my life
But I know it can never be the same
Never be the same

I don't know where to go from here
My vision used to be so clear
This scar you left me with
Is the ever dance of a lost love changed
You call me upset
You're sorry that you never met that things would end
this way
I guess I gotta learn to let you go
I don't want to be hurt no more
No
I guess I gotta learn to let you go
I don't want to be hurt no more

It can never be the same
Never be the same
Never be the same
Oh oh oh

I don't know where to go from here
My vision used to be so clear
This scar you left me with
Is the ever dance of a lost love changed
I want you back in my life
But I know it can never be the same
I don't want to be hurt no more

It can never be the same
Never be the same
Never be the same
Never be the same

Now I can see the light of it
Now I can see the light of it
