So you ask just what it is I see in you
Well it's every little thing you do
You make me smile
Well it's something that I can't put my finger on
And we've only just begun
I'm like a child

You're a sweet melody
I keep singing all over and over again
Such a pure harmony
And I just won't stop feeling the way I do

If you could see you as I do
You'd fall in love with you too
No matter how hard you keep trying
You will never see what I see in you

Well it's something, something I can't explain
When you're near me I just go insane
You make me lose control
Like a brother, a friend to lend a helping hand
You always seem to understand
You catch me when I fall

And when I sing out of key
Or the words that I'm saying just don't come out right
You just love me for me
If you could see you as I do
You'd fall in love with you too
No matter how hard you keep trying
You will never see what I see in you

Imagine as the lights go down
We don't hear a sound
You and I together
As you take my hand
Lead me to the dance
Now and forever

If you could see you as I do
You'd fall in love with you too
No matter how hard you keep trying

You will never see what I see in you
If only you could see you as I do
Then maybe you could see what I see in you
If only you could see you as I do
Then maybe you could see what I see in you
