Verse 1

It's one of those days, nothing has changed
Though we are silent, there's so much to say
Something ain't right, after all this time
How can it be that we lead separate lives
I feel insecure
Nothing reminds me of you anymore

Chorus 1

What about us, what about us
What about the days when we did anything for love
Tell me , what about us, I'm missing your love
What about the promise of forever, tell me what about
us

Verse 2

I look at our lives
Our troubles denied
I'm hiding my tears to the world outside
We only make love
Avoiding the talks
I never thought this could happen to us
If you care about love,
Then why don't you care about us

Chorus 2

Tell me , what about us, what about us
What about the days when we did anything for love
Tell me , what about us, I'm missing your love
What about the promise of forever, tell me what about
us

Bridge

What happened to us
We're strangers in love
Why did it all slip away
Baby it's not enough
Doubts are stronger than love
Give me a reason to stay
What about us

X-tra chorus

I'm missing your love, what happened to us

I would do anything , what about us
What about love, I miss you and me,
IÂ'm missing the way that our life used to be
Tell me , what about us
