You and me in this together  
You and me in this forever  
You and me in this together  
You and me in this forever

Pack your bags let's get out of town  
Let's start over  
I'm sick of seeing you down  
I don't care if they think that we're crazy  
'Cause you are all that matters to me

You and me in this together  
You and me in this forever  
You and me in this together  
You and me in this forever  
You and me shaking the night away  
You and me everything will be okay  
You and me shaking the night away  
You and me everything will be okay

I can tell you can barely breathe  
You don't always have to wear your heart on your  
sleeve  
I don't care if they think that we're crazy  
'Cause you are all that matters to me

You and me in this together  
You and me in this forever  
You and me in this together  
You and me in this forever  
You and me shaking the night away  
You and me everything will be okay  
You and me shaking the night away  
You and me everything will be okay

You know we're gonna make it  
I know we've had our ups and downs  
We are a match of everything attached  
And nothing can take you away from me  
You are mine  
One of a kind  
Always there for you

Take my hand  
I know you understand  
There's nothing for us here
