Baby lets go,
Go for a ride.
Anywhere you want,
You can decide.

We can hit up the west coast,
Head for California.
I'll do anything because I adore ya.

You get me movin',
When I do I don't stop.
I love ya darlin',
Tonight I'm on top of the world
Oh yeah, such a beautiful place.

Come close to me,
In my arms you'll be safe.
Could this be any better?

Let's take a drive tonight,
Let's chase dreams alright,
Let's get away from here,
Let's forget all your fears.
Let's stay up late,
Party until dawn,
Blast the radio to our favorite songs.

When the sun arises and we fall asleep,
Your hand in mine,
My heart you'll keep.
If eternity were a thing like this
I can tell you now there's nothing I miss.

Let's live out loud so everyone will hear,
There's bigger things to live for,
Just look ahead my dear.
Could this be any better?

Let's take a drive tonight,
Let's chase the dreams alright,
Let's get away from here,
Let's forget all your fears.

If you'd ever leave me,
Please do it quietly,
I don't know how I'd take the news,
'Cause I am so fragile with a tender soul,
People don't even know,
You've grown a lot and I know you won't stop,
The future is so bright.
I am so wrapped up in this
It's love
It's love

Let's take a drive
Let's take a drive tonight,
Let's chase the dreams alright,
Let's get away from here,
Let's forget all your fears.
