[Intro:]

I feel like I'm by myself (Just play [2x])

I feel like I'm by myself

I'm here I'm so alone

[Chorus:]

Everytime I turn around, I see your face boy

I wish I was by myself (myself)

Said I wish I was by myself

I don't need you no, no more...

Everytime I turn around, I see your face boy

I wish I was by myself (myself)

Said I wish I was by myself

No pain, no more, no more...

All my tears & all my cryin'

Nothin' is change cause you still lyin'

What you're sellin' I'm not buyin'

Don't you stop me, I'm ready to go...

I don't need your circumstances

I'll just leave it, take my chances

Tired of playin' in fake romances

Don't you stop me, I'm ready to go...

[Refrain:]

You said that you'll be, forever truly

How you lied so clearly

You can start over,

but you wont be near me

[Chorus:]

Everytime I turn around, I see your face boy

I wish I was by myself (myself)

Said I wish I was by myself

I don't need you no, no more...

Everytime I turn around, I see your face boy

I wish I was by myself (myself)

Said I wish I was by myself

No pain, no more, no more...

[Bridge: (Rap)]

Now put yourself in my position
I'm a late-night trickin'
While you home cookin'
I went my dog's right n' lookin'
Oh we in the strip club

Throwin' up dozens
When you ask me for some cash
I'm lookin' at you funny
I aint got no money
Baby I'm broken
I can do you how I wanna
Cause I pay your card though
Remember I've given you the check
I'm the nigga
I got friends so whateva'
I understand that your betta

[Refrain:]

You said that you'll be, forever truly
How you lied so clearly
You can start over,
but you wont be near me

[Chorus:]

Everytime I turn around, I see your face boy
I wish I was by myself (myself)
Said I wish I was by myself
I don't need you no, no more...

Everytime I turn around, I see your face boy
I wish I was by myself (myself)
Said I wish I was by myself
No pain, no more, no more...

[Refrain:]

You said that you'll be, forever truly
How you lied so clearly
You can start over,
but you wont be near me

You said that you'll be, forever truly
How you lied so clearly
You can start over,
but you wont be near me

[Chorus:]

Everytime I turn around, I see your face boy
I wish I was by myself (myself)

Said I wish I was by myself
I don't need you no, no more...

Everytime I turn around, I see your face boy
I wish I was by myself (myself)
Said I wish I was by myself
No pain, no more, no more...
