You must have it twisted or have a shortage
I ain't even empty handed, I beg your pardon
If I'm departing, I'm taking everything
'Cause I'll be damned if another bitch wore your last
name

Put your hands up ladies if you want it all
Put your hands up ladies if you want it all
Put your hands up ladies if you want it all
Say, I want it all, say, I want it all

I want it all, I want it all
I want it all, I want it all
I want it all, I want it all
I want it all, I want it all

I went looking for your phone when I shouldn't have
'Cause I found just what I was looking for
A new number says it's Kelly
Should I call it or should I just ignore?

Now I'm sittin' here wondering when you're coming
home
Then I thought about it everything that's going on
I gotta leave this relationship but I'm not leaving here

So let me get my list out
What do I want other than this house?
First of, let me put your bitch out
Call me crazy if you want her but I don't care

Now back to my list
Gotta have the house, check
Do I want the car, check?
Do I want the money, check?

Gotta have it all, check
And I deserve it, hope it was worth it
And I don't think that I'll be needing your service

I need his house, I need his car
And then the bank, I want it all

I gave you all my love and got nothing in return

So now I want it all, I want it all
Gimme the house, gimme the car
I want it all, I want it all
I want it all, I want it all

If I'm gonna have to hurt, you gonna feel it how I feel it
Play the cards how I deal it, you know I was the realist
'Cause the way you going 'bout this like I never meant
shit
Now you want the other bitch 'cause we had an
argument

Okay, roll the dice, I'ma show you how it go
And since you wanna do it dirty, watch this fire crack a
blow
This ain't no tit for tat shit, it's all about the principle
How you expect to leave me without a comma or
decimal?

Pay me for my pain, pay me for my time
Nigga, you can say the bullshit 'cause everything is
mine
From the house in West Pond to the yacht in Burlese
You can keep your sad face, baby, hand me them keys

'Cause the shit you said it, did it, threw me way off
track
But when a woman is fed up, no, it ain't no turning back
Only thing gonna make me smile is if I feel my
satisfaction
Is seeing you hurt is fuckin', you suffering while I'm
relaxing

So now I need his house, I need his cars
And then the bank, I want it all
I gave you all my love and got nothing in return

So now I want it all, I want it all
Gimme the house, I need the car
I want it all, I want it all, I want it all

Put your hands up ladies if you want it all
Put your hands up ladies if you want it all
Put your hands up ladies if you want it all
Say, I want it all, say, I want it all

I want it all, I want it all
I want it all, I want it all
I want it all, I want it all

I want it all, I want it all

I need his house, I need his car
And then the bank, I want it all
I want it, I want it, I earned it

Your a liar you're a cheater, gimme what I need
I'll leave you alone if you gimme what I please
Oh, I want it all, oh, be a man about it

Put your hands up ladies if you want it all
Put your hands up ladies if you want it all
Put your hands up ladies if you want it all
Say, I want it all, say, I want it all
I want it all
