Ohh miani

Loyalty
Its the codes of the streets
The words we live by & die by
U noe the way we survive this life out here
Its no other way
The only way
Is to be loyal till the end

Loyalty
The code of the street
The word i live by & diie by aint nuthin sweet
Rap star goes hollywood from the street
& the only word that i noe is loyalty
See i noe the difference separate the bullshit from the
buisness
Feel me? listen.
Iam past driven
Nuthin was given
I cant remember of dayz i had livin
Trust nobody keep ur enemies closee
Were ur friends when u need them? when u need them
the most?
Most times that u need them most of them are qhost
Even doe dey unloyal still give them a toast
Trust nobody keep ur enemies close
Who noe ur dark secrets wat u doin the most?
U noe that hot shit ?? bout 2 promote lik rappers talking
bout quns & dnt even tote
Yea

Chorus: X2
L.O.Y.A.L.T.Y
Loyalty
Loyal till the day i die
Thats the code of the streets
Thats the way i ride & ima ride lik that

Some friends got the best of me
Shitted on me on the way
But i wonder waz it all for dey destani?

Now theres a diffrence see? U aint qotta rob em it dont
take nuthin
U can use ur own energy
See i depend on me
Bless the child with its own
Grab my own glass say bless & u hold it into me
See aint no killen me
I noe u feelin me
I blast the speakers with the truth
Hear the chemistry

Trust nobody keep ur enemies closee
Were ur friends when u need them? when u need them
da most?
Most times that u need them most of them are qhost
Even doe dey unloyal still give dem a toast
Trust nobody keep ur enemies close

Can u keep a secret? dont tell nobody
Its ur loyalty, pill, will u swich for money?
When ur shit hit the fame will u think its funny?

Trust nobody keep ur enemies closee
Were ur friends when u need them
When u need them the most?
Most times that u need them most of them are qhost
