Ms. Trina make the ballas wanna starr
Hoza-Notie boots lined with the fur
Walk with a switch pull it over make it twerk
Im'a flirt till it hur in a throwback skirt
I'm dat bad bitch, foxy and Don Blaze
Rocks on my wrist like pink lemonade
I'll take ya watches and ya rings
Tell them other girls, lil' mama rockin' strings and
Chanel pearls
I'm back fo my crown, fake bitches bow down
Dis the remix what you wanna do now?
I know you like the way we do this ova herrr
Get loose in the club like we just don't carrr (carr)
