Unusual suspect
But I know these niggas
Jim Johnson, Big D
Ey, dis Trina and Plies, Slip-N-Slide thang
I'm in here wit The Baddest Bitch
Ey, Trina, take care these hoes 'cause I got these
niggas

My steering wheel wood and my wheel's chrome
Can't pay these niggas to leave me alone
I'm so fresh, I'm so fresh

I gotta pocket full of money and my teeth glitter
Sum 'bout bein' a trill ass nigga
I'm so fresh, I'm so fresh

Paint candy, racin' scribes
Crush dem bitches, off the rip
I don't think you really wanna mess with me
Test me and eventually

See me speedin', cops don't see 'em
Fuck 'em and feed 'em, wouldn't wanna be 'em

I ain't scared of ya'll, I ain't no regular broad, I ain't
scared at all
Like bone crusher I'll crush your bones
When I come through strong with my big, big brone
Ride spinners like three six do
Let me do me, nigga, you do you

Suck this clit till my shit turn blue
Put a bitch to sleep, wake me up when you through
I'ma get dress, so fresh lookin' new
And it's back to the Chevy or the cab for you

Chuck and Deuce, switchin' lanes
Ridin' dat donk and sittin' on things
You ain't never met a bitch like me
And your bitch ain't never ride a dick like me

Check the paint, watch the feet

Inches twenty-six is deep
Candy drippin' on the street
Bitch I'm ridin' BIG

My steering wheel wood and my wheel's chrome
Can't pay these niggas to leave me alone
I'm so fresh, I'm so fresh

I gotta pocket full of money and my teeth glitter
Sum 'bout bein' a trill ass nigga
I'm so fresh, I'm so fresh

Ain't too many niggas like me, I'm from a rare breed
I walk it like I talk it, was raised by a G
You ain't suppose to like me dog 'cause I'm what you
wanna be
From top to bottom being trill is something that's in me

It's a helluva feelin' to know that you hundred percent a
real, nigga
I been out here gettin' money since I was a lil' nigga
I'm loved by these hoes, respected by these killers
It took years of thuggin' to get to this point, nigga

I don't know if you know how it feels to walk around with
stacks
I been broke and came up and I ain't going back
'Cause money get you friends, choppers get you
respect
Respect out here in these streets, I got a lot of that

My steering wheel wood and my wheel's chrome
Can't pay these niggas to leave me alone
I'm so fresh, I'm so fresh

I gotta pocket full of money and my teeth glitter
Sum 'bout bein' a trill ass nigga
I'm so fresh, I'm so fresh

My steering wheel wood and my wheel's chrome
Can't pay these niggas to leave me alone
I'm so fresh, I'm so fresh

I gotta pocket full of money and my teeth glitter
Sum 'bout bein' a trill ass nigga
I'm so fresh, I'm so fresh
