I wonder when the level runs deep
Will i go deeper in or pull out of the spin
Can i go that far?
My spirit says, "yes"
But my mind says "no"
There's something so scared
I've just got to go
Can i go that far?

I'm going down to the hollow where the trees meet the
soul
And then i'm trying not to follow another long, lost,
lonely road

Now i see you my mind gets weak
I don't want to look i fear deceit
Can i trust you now?
And now the hands of fate are turning blue
They've held the cold on back from you
Well some things don't last that long
I said some things they go so wrong

I'm going down to the hollow where the trees meet the
soul
And i'm trying not to follow another lost
I'm going down to the hollow where the trees meet the
soul
And i'm trying not to follow another lost, lonely road

And now i wonder when the level runs deep
Will i go deeper in or pull out of the spin
Can i go that far?
My spirit says "yes"
But my mind says "no"
There's something so scared
I i got to go
Can i go that far?

I'm going down to the hollow where the trees meet the
soul
And i'm trying not to follow another lost
I'm going down to the hollow where the trees meet the

soul

And i'm trying not to follow another lost, lonely road
