What have I got of my own, my own?  
What have I got of my own?

The castles I build when I lie in the sand,  
Belong to a king in a fairy tale land.  
The treasures I find, when I dream in my sleep,  
Are gone in the dawn. not a thjng I can keep.  
What have I got of my own, my o~own?  
What have I got of my own?

The stars all belong high in heaven above.  
My heart belongs to the one that I love.  
The rivers that flow all belong to the sea.  
What have I got that belongs to me?  
What have I got of my own, my o~own?  
What have I got of my own?

I hope someday before too long  
My heart will sing a happy song.  
I'm tired of being lonely, unhappy and sad.  
I wanna have the things that other men have.  
What have I got of my own, my o~own?  
What have I got of my own?

Solo interlude

If I could choose one thing forever to hold,  
I know I would never choose diamonds or gold.  
Just give me one true love to be mine alone,  
Then I'll have all the things of my own, my own.  
What have I got of my own?

My own.

What have I got of my own?
