

## Trional "Piercing Quiet"

Visit "[Piercing Quiet](#)" on [MotoLyrics.com](http://MotoLyrics.com)

The World is in constant motion,  
And so are all of us.

You love the glow of sunrise,  
My stars come out at night.

The night.  
The night.  
The night.  
The night.

Your quiet pierces thought me,  
This freedom renewed.

It takes me to a place where,  
The silence strikes right through

The night.

The silence strikes right through  
The night.

The silence strikes right through  
The night.

The silence strikes right through  
The night.

As you cut your ties with burden,  
The grown gets further away.

Now that we are weightless,  
I just have to say;

The night

The silence strikes right through  
The night.

The silence strikes right through  
The night.

The silence strucks right through  
The night.
