Soap is in the air  
Feel it everywhere  
There is magic in the air  
All around Just when you need it

Soap is in the air  
Feel it everywhere  
There is magic in the air  
Come come  
Soap is in the air tonight

Here's another round, blowing up and smiling down  
When you hear the sound, put your feet back on the  
ground  
Soap is in the air, freaky people everywhere  
People they stop and stare, but we really don't care  
We're ladi dadi, this is how we party  
If a friend's in trouble, baby we can do karate  
So get your hands up come on get your hands up  
See the club packed, wanna get it all back

Soap is in the air  
Feel it every where  
There is magic in the air  
All around Just when you need it

Soap is in the air  
Feel it every where  
There is magic in the air  
Come come  
Soap is in the air tonight

Simon and Lisa they went from here to Ibiza  
We took a Coke and a pizza, and we were so glad to  
meet ya  
We got to rock your body, come and go banani  
Even though we play the game, you get no pupunani  
20 years young shootin' like a shootgun  
If you can't have fun, boy you better run run  
So get your hands up, come on get your hands up  
See the club packed

On a fast track

Soap is in the air  
Feel it everywhere  
There is magic in the air  
All around Just when you need it

Soap is in the air (the air)  
Feel it everywhere (S.O.A.P. is in air)  
There is magic in the air (I feel it everywhere)  
Come come  
Soap is in the air

Back to life, back back to the dawn  
Back to this feeling that is gone  
Back where there's nothing left to hide  
Back to life

Back to life, back back to the dawn  
Back to this feeling that is gone  
Back where there's nothing left to hide  
(I wanna come) Back to life

Soap is in the air  
Feel it everywhere  
There is magic in the air  
All around  
Just when you need it

Soap is in the air  
Feel it everywhere (S.O.A.P. is in air)  
There is magic in the air (I feel it everywhere)

Soap is in the air
