

## TriORE "Pleasures And Tortures"

Visit "[Pleasures And Tortures](#)" on MotoLyrics.com

I was smothered not to praise my father in the sun  
I was punished not to please my sisters in the stars  
I was baptized not to honor my mother in the moon  
I was murdered not to cherish my brothers made of  
snow

"Certain pleasures are forever we are raised in  
disbelief  
Certain tortures are forever there is silence when we  
preach  
Certain pleasures are forever we are feared and  
disbelieved  
Certain tortures are forever can you satisfy my needs?"

I was slandered not to worship my father in the sun  
I was beaten not to lust my sisters in the stars  
I was branded not to touch my mother in the moon  
I was vanquished not to love my brothers made of  
snow
