I know his Grace is amazing face it  
Ain't another like our God  
From the foundation's, placements,  
Nations, they've been place underneath  
His rod oh my God, your're the one  
Worth the praise so bump the peso,  
Cause u say so I keep your ways in  
Front of me until my days go so they  
Have the women they can keep the queso... hey ya'll  
That's why we don't roll with the drama  
Don't get drunk, don't roll marijuana not  
Beacause hell's hot like the coals in  
A sauna but we love god and we go where  
He wanna Himself, the best gift he could  
Ever give who can take a set of kids  
Trippin off a sedatives give them the grace  
That pays their eternal deficit now we enjoy  
God and all of his preeminance

Because of who he is  
If I'm worthy dying for,  
Yes this God's is worth  
Living for beacause of who  
He is he makes me want to  
Give him more and more, so  
I take my body and use it  
For the glory of God  
That's why I pray every day,  
Gotta pick up my cross search  
For the lost, no matter the cost...

He reigns over all, it's plain since  
The fall, our brains don't recall  
Who he is His name's over all, His  
Aim is for all to remain in awe as they  
See his beauty man is truly crazy, dude he's  
Grand His truth is great we dudes should  
Stand and truly praise the beautiful lamb  
The bruised him greatly his life was the cost,  
He died on the cross He died for the lost, we  
Know that So we ride for the boss, his high

We exalt, this christ in our thoughts, can't  
Hold back Exalt him up in our actions too we  
Crack them johnny macs and cruise the facts,  
We grab his active truth, we happy when dad's in our  
view...

Tell me, who you know can control the globe  
Walk in his holy home, walk down a lowly road,  
Roll where the stones get thrown at ya dome  
Cuase you made it known you're the son of God  
On the throne he deserves mo, this is why we flow  
Not that we could ever pay him back what we owe but,  
If we don't flow then we might as well go and let the  
Whole world know he is God all alone...

His gracious, great, He's way too good,  
Can't believe he made us kids no righteousness  
In the place we stood, so he died and he gave  
Us his... you might wonder why we live that bro,  
We ain't just tryna live by some principles, we  
Love him can't get enough of him, so that's the God  
We living for...
