Vesre 1:

Yeah we was born sinners man, dead in the flesh  
Unfamiliar with the Lord's livin man, He bled to the  
death  
But we love our sin instead of Him, we fans of the flesh  
If you think I'm lyin man, put a man to the test  
We all full of lies, full of pride, full of dirty lust  
And we put our lives ahead of God's Word we should  
trust  
We all knew it was a dude above who made everything  
But we run a way, love our ways, and never gave Him  
praise  
But for some of us He made a way up out of this  
dilemma  
He sent His Son, and he was strung out for wicked  
sinners  
Now all we gotta do is trust upon the righteousness of  
Christ  
And He got something new for us (What?), the  
righteousness of Christ  
You may believe it man, but have you trusted in Him  
yet?  
And realized your sinful life will thrust you into death?  
And that you need Him cause in the flesh man is fadin  
Time for self examination like you was the Dr and the  
patient

Hook:

It's time for self examination, we need a self  
examination  
(Repeat 7X)

Verse 2:

A lot of us claim to be believers but we slack in our walk  
And we goin around everyday without our backs to the  
cross  
And when it comes to servin Christ, we standin on the  
wall  
But we say we Christian cause we went up for the altar  
call  
That don't mean that we believers, that don't mean we  
saved from flames

If we ain't workin for Him our faith is dead like it say in James  
If it ain't no better livin, we the same and steady sinnin  
Just know that faith without fruit wasn't faith from the beginnin

It's a lot of kids that got it twisted thinking they saved  
But homie they aint bout tha Fathers biz they sleep in they graves  
And they gon be real disappointed man when they face judgement  
And all along they though that they was saved, but they really wasn't  
Sin's disgusting to the Father man, he can barely stand it  
And the mark of the believer is keeping to His commandments  
So if we content up in our sin, ain't seekin Jesus  
We really need to cause we may not even be believers
