When the rain comes crashing down the night sky,
Absence of all light, cries, lost
Wash me away, away, away, away, my life
Floats, through all space and time,
I,
Try to find a life, sign, lost,
Is there a way ,a way, a way, a way tonight
As the world keeps spinning round
My voice, can't be found,
Drown out, why do I have to pay for the sins of the
world
In this symphony of light,
I can't close my eyes, this time,
I'm gonna face this perfect lie,
Yeah
Hold on
Children of the night
Hold on
We can find a light
Hold on
We're the future generation of the world
